

1. Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier:

Trade name: Smite Organic Scaly Leg Spray

1.2 Relevant identified uses of the substance or mixture and uses advised against

Relevant identified uses: Leg protection for birds

1.3 Details of the supplier of the safety data sheet:

Supplier/ Importer:

PestTrappa
Whittington Way
Old Whittington
Chesterfield, S41 9AG
Tel: 01246 264635
sales@pesttrappa.com

1.4 Emergency telephone numbers:

Tel. 01246 264635

2. Hazards identification

2.1 Classification of the substance or mixture:

· Regulation (EC) no. 1272/2008

Cosmetical product according the regulation 76/768/EWG

2.2 Label elements

According to Regulation (EC) No. 1272/2008

Signal word: not applicable

Hazard components for labeling: PARAFFINUM LIQUIDUM, C10-18
TRIGLYCERIDES, ILLICIUM VERUM FRUIT/SEED OIL

Hazard statements: Not applicable

Precautionary statements: Not applicable

Further information:

Do not bring in contact with open wounds or eyes. (If necessary rinse eyes with plenty of water)

2.3 Other hazards:

The substance or mixture, such as Information on whether the substance or mixture meets the criteria for PBT or vPvB in accordance with Annex XIII shall be provided.

3. Composition/ information on ingredients

3.1 Substances

This product is a mixture.

3.2 Mixture

Description of the mixture

CAS-Nr.: 8042-47-5	Paraffinum perliquidum	ad
EG-Nr.: 232-455-8	Asp. Tox. 1 H304	
	Triglyceride	1 – 10 %
CAS: 8007-70-3	Essential oils	0,1 – 1 %
EG-Nr.: 283-518-1	Aquatic Chron. 3 ; H412 Carc. 2 ; H351 Muta. 2 ; H341 Skin Sens. 1 ; H317	

Additional information:

Full text of R-, H- and EUH-phrases: see section 16.

4. First aid measures

4.1 Description of first aid measures

General information: Remove with product contaminated clothes.

Following inhalation: Supply fresh air.

Following skin contact: Instantly wash with water and soap and rinse thoroughly.

Following eye contact: Remove contact lenses. Rinse opened eye for several minutes under running water (at least 15 minutes).

Following ingestion: Drink plenty of water. Don't induce vomiting. Call for doctor.

4.2 Most important symptoms and effects, both acute and delayed

No further relevant information available.

4.3 Indication of any immediate medical attention and special treatment needed:

Symptomatic treatment

5. Firefighting measures

5.1 Extinguishing media:

Suitable extinguishing media:

CO₂, extinguishing powder or water spray. Fight larger fires with water spray or combat alcohol-resistant foam.

Unsuitable extinguishing media: Water with full jet

5.2 Special hazards arising from the substance or mixture

No further relevant information available.

5.3 Advice for fire-fighters

No further relevant information available.

6. Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Forms slippery layer. Risk of slipping.

6.2 Environmental precautions:

Don't allow to enter in the drainage system. If rivers, lakes or drainage systems are

polluted by larger amounts, inform the local authorities.

6.3 Methods and material for containment and cleaning up:

Pick up mechanically. Dispose in accordance to the waste regulations.

6.4 Reference to other sections:

If appropriate sections 8 and 13 shall be referred to.

7. Handling and storage

7.1 Precautions for safe handling

Advice on safe handling

Keep opened container tightly sealed and store upright, to avoid tread out. Comply with legal protection and safety.

Fire preventions:

Keep ignition sources away - Do not smoke.

7.2 Conditions for safe storage, including any incompatibilities

Requirements for storage rooms and vessels

Advised storage temperature:

Store container in a well ventilated position. Avoid temperatures about 50°C and more.

Materials to avoid: Keep away from foods.

7.3 Specific end uses:

Cosmetic product.

8. Exposure controls/personal protection

8.1 Control parameters

No further data.

8.2 Exposure controls / Personal protective equipment:

Appropriate engineering controls:

Technical measures and the use of suitable working methods have priority before the application of personal protective equipment. Provide for good airing. This can be reached by local suction or general exhaust air.

The usual precautionary measures should be adhered to general rules for handling chemicals. Do not eat, drink or smoke while working

Personal protective equipment::

Respiratory protection:

Not required.

Hand protection:

Not required.

Eye protection:

Not required.

Environmental exposure controls

Look at section 6 and 7

9. Physical and chemical properties

9.1 Information on basic physical and chemical properties

General information	
Physical state:	liquid
Colour:	clear
Odour:	fresh, herbal
State change	
Melting point:	not determined
Boiling point:	not determined
Flash point:	not determined
Ignition temperature:	not determined
Decomposition temperature:	not determined
Flammability:	not determined
Danger of explosion:	not determined
Explosive properties:	
Upper explosion limit:	not determined
Lower explosion limit:	not determined
Density at 20 °C:	not determined
Water solubility:	soluble
pH:	not determined
Viscosity:	
Dynamic:	creamy
Cinematic:	not determined
Solvent content:	
Organic solvent:	not determined

9.2 Other information: No further relevant information available.

10. Stability and reactivity
10.1 Reactivity Not determined.
10.2 Chemical stability The product is stable during normal environmental conditions (room temperature)
10.3 Possibility of hazardous reactions No dangerous reactions known.
10.4 Conditions to avoid Heat and direct sunlight. Pay attention to the storage conditions.
10.5 Incompatible materials Not determined.
10.6 Hazardous decomposition products Not determined.

11. Toxicological information
11.1 Information on toxicological effects Peppermint oil; CAS 68917-18-0 Oral LD50 1240mg/kg Rat

Irritation:

Not tested

Corrosivity:

Not tested

Sensitization:

Sensitization possible with repeated skin contact.

Repeated dose toxicity:

Not tested

Carcinogenicity

Not tested

Mutagenicity

Not tested

Toxicity for reproduction:

Not tested

Other information:

The toxicological classification of the mixture is based on the results of the analysis (conventional method) of the preparation directive in 1999 / 45 / the EC. After experiences of the manufacturer going out dangers are not to be expected about the marking.

12. Ecological information

12.1 Toxicity

No further information available.

12.1 Persistence and degradability

No further information available

12.3 Bioaccumulative potential

No further information available

12.4 Mobility in soil

No further information available

12.5 Results of PBT and vPvB assessment

This substance does not meet the PBT/vPvB criteria of REACH, annex XIII.

12.6 Other adverse effects

Do not empty into drainage system or waters.

13. Disposal considerations

13.1 Waste treatment methods

Hazardous waste according to European Waste Catalogue AVV. If recycling is not possible must be disposed of in accordance with local waste regulations. Larger amounts implemented in compliance with local regulations dumped or recycling.

Advice: Waste key: 020199. Discuss waste key with your disposer.

Uncleaned packaging:

Containers can be supplied to recycling.

14. Transport information

Land transport ADR/RID and GGVS/GGVE (transborder/ inland):

!No hazardous material!

15. Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

EU-regulation

Regulation (EC) Nr. 1005/2009 (substances that deplete the ozone layer) :
unapplicable

Regulation (EC) Nr. 850/2004 (Persistent organic pollutants): unapplicable

Regulation (EC) Nr. 689/2008 (ex- and importation of dangerous chemicals):
unapplicable

Regulation (EC) Nr. 648/2004 (detergent-ordiance):

The product accomplishes the criticisms which are regulated in (EG) Nr. 648/2004

Licensings according to title VII of the order (EC) No. 1907/2006: None

Restrictions according to title VIII of the order (EC) No. 1907/2006: None

National Regulations

Water hazard classificaiton WGK: 1

Reference to technical rules for danger materials (TRGS)

Keep preventive measures according to TRGS 5001

Storage class according to TRGS 5101: 12 (unflammable liquid)

Information according to 1999/13/EC about limitation of emissions of volatile organic compounds (VOC-guideline).

15.2 Chemical Safety Assessment:

For this substance a chemical safety assessment is not required.

16. Other information

Key literature references and sources for data

Regulations

Preparation directive (in 1999 / 45 / the EC), at last changed by the directive in 2013 / 21 / the EU.

Material directive (67 / 548 / EEC), at last changed by the directive in 2013 / 21 / the EU.

REACH order (EC) No. 1907/2006, at last changed by order (EU) No. 348/20 13.

CLP order (EC) No. 1272/2008, at last changed by the order (EU) No. 487/20 13.

Hazard statements related in section 2 and 3

According to regulation (EC) No. 1272/2008:

H304 May be fatal if swallowed and enters airways

H317 May cause an allergic skin reaction

H341 Suspected of causing genetic defects

H351 Suspected of causing cancer

H412 Harmful to aquatic life with long lasting effects

Methods according to article 9 of the order (EC) No. 1272/2008 for the assessment was used for information for the purpose of the classification:

Classification according to order (EC) No. 1272/2008, appendix VII (change tables) legend:

ADR	Accord européen relatif au transport international des marchandises Dangereuses par Route
AwSV	Ordinance relating to the handling of hazardous substances
BImSchV	Federal Emission Control Regulation
CAS	Chemical Abstracts Service
DIN	German standard
EC	Effektive concentration
EG	European Community
EN	European standard
IATA-DGR	International Air Transport Association-Dangerous Goods Regulations
IBC-Code	International Code for the Construction and Equipment of Ships carrying Dangerous Chemicals in Bulk
ICAO- TI	International Civil Aviation Organization-Technical Instructions
IMDG-Code	International Maritime Code for Dangerous Goods
ISO	International Standards Organization
IUCLID	International Uniform Chemical Information Database
LC	Letale concentration
LD	Letale dose
log Kow	The octanol/water partition coefficient
MARPOL	Maritime Pollution Convention
OECD	Organisation for Economic Co-operation and Development
PBT	Persistent, bioaccumulativ, toxic
RID	Règlement concernant le transport international ferroviaire de marchandises dangereuses
TRGS	Technische Regeln für Gefahrstoffe
UN	United Nations
VOC	Volatile Organic Compounds
vPvB	very persistent and very bioaccumulative
WGK	Water hazard class
